COSMA SYSTEMS
ITALIAN DESIGN & MANUFACTURING

WILSON & BRADLEY

Creativity is in your hands! Wilson & Bradley are proud suppliers of Cosma. Since 1955, Cosma has provided high-quality products, creativity and innovation based on a close relationship with designers and manufacturers. Cosma offer a wide range of products, suitable to different tastes, from classic to modern. These include: Rail Systems, Wardrobe Rails and accessories as well as Shelving Systems. These products are characterised by a high design and production standard. Cosma's research and development aligns closely with manufacturers and designers' requirements. Their deep history and knowledge of the furnishing sector allows them to create products suitable for a wide range of uses.

ENVIRONMENTAL COMMITMENT

With state-of-the-art manufacturing facilities, the Cosma processing and product quality control is guaranteed by internal QUALITY TUTOR management procedures. All the production phases are monitored at all times and ensure the highest standards are maintained. They commit to 100% recycling, as well as the use of rainwater throughout the building for all industrial purposes. They use water-based paints without polluting solvent emissions and 100% of energy used comes from renewable sources.

OVERVIEW

Cosma
ECCELLENZA
MADE IN ITALY

cosma

Cosma was founded in 1955 in the heart of the manufacturing district of Brianza, Italy, specialising in the production of hardware items.

Cosma has developed products ranges accessories which satisfy different tastes which apply to all living spaces. The purpose is to create harmony, continuity and finish uniformity between the various metal components of cabinets.

They expanded rapidly and thanks to the direction of the second generation, branched out into foreign markets.

Since 1990, Cosma gradually evolved its production, passing from the die-casting of brass to zamak, a more malleable zinc alloy.

Cosma has becomes a laboratory of ideas for exclusive products with inimitable qualities.

A confidential service for customers all over the world who wish to distinguish themselves by choosing the best quality products for their projects.

Technology is placed at the disposal of production, to which Cosma adds all the craftsmanship experience it has accumulated over the course of 60 years of development in the field.

CUBO

The Cosma Cubo is a modular, versatile and flexible midway rail system ideal for providing easy access to cooking utensils, canisters, paper towel and other useful aids in the kitchen.

L&S Strip Lighting can be added (optional) that illuminates the entire work surface. Available in 3 metre lengths which can be easily cut to size for custom-made applications.

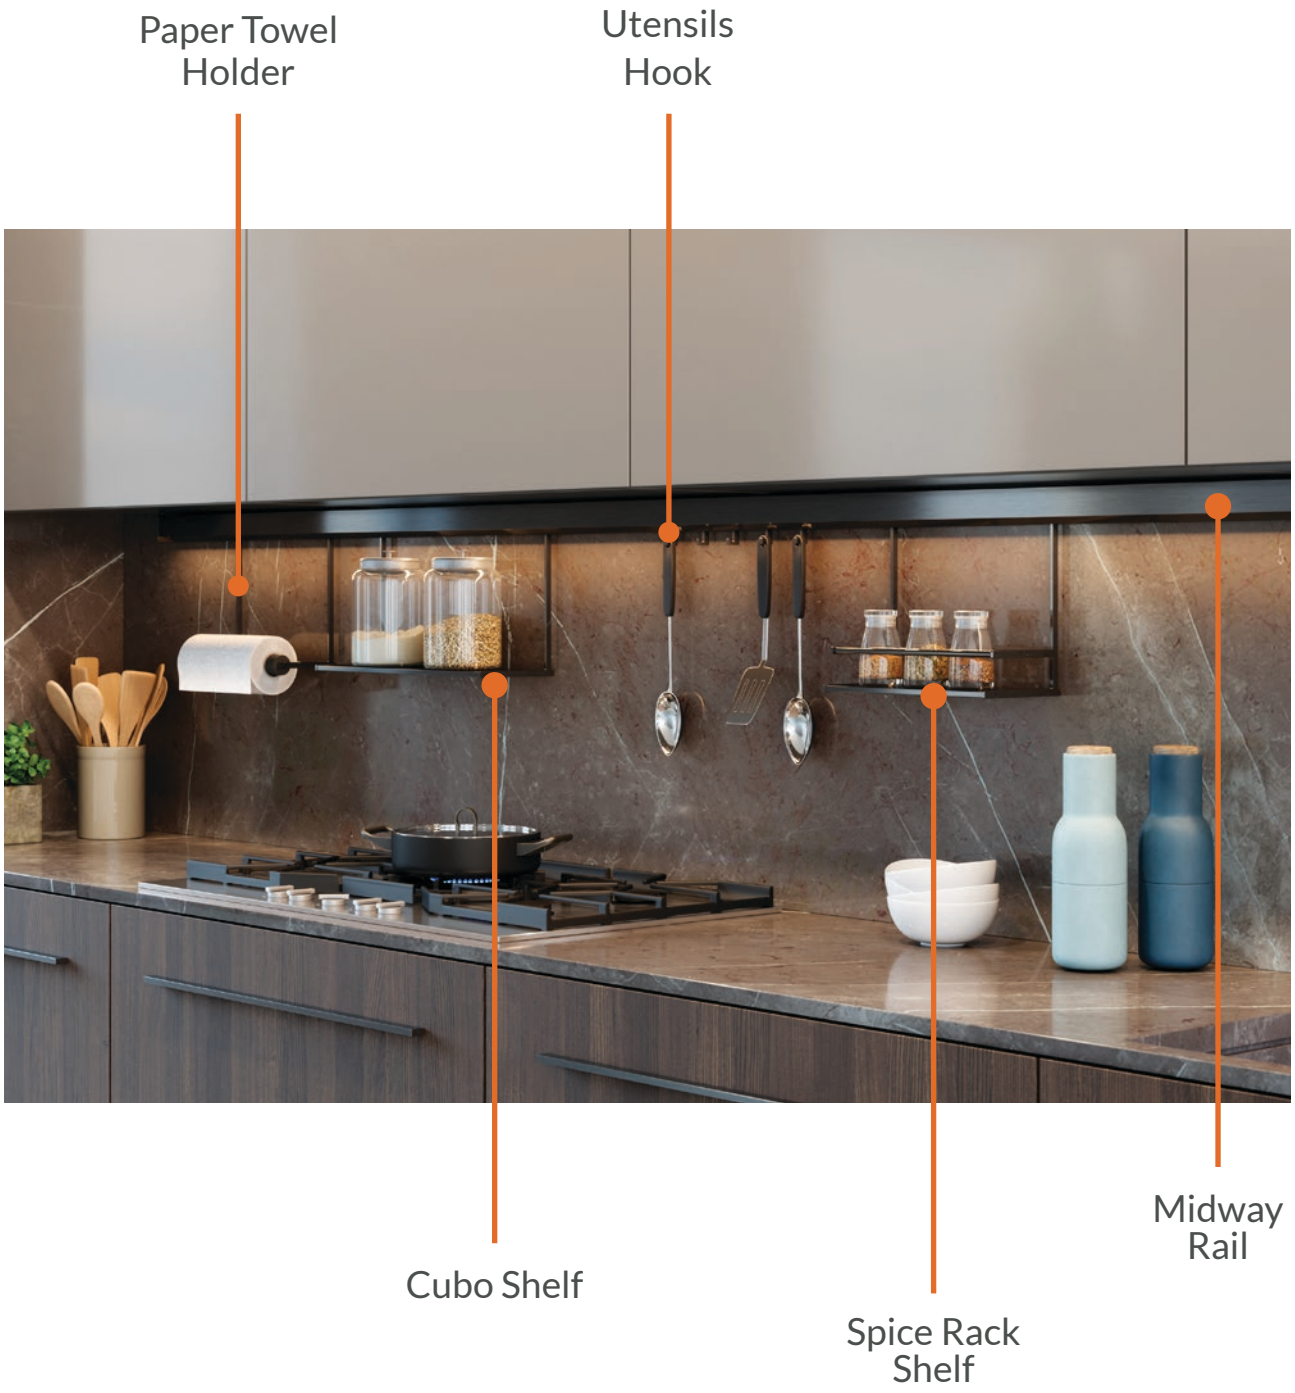
Key Features

- Available in matt black and anodised aluminium - can easily be colour matched with rangehood
- Available in 3 metre lengths - can customise to suit specific requirements
- Stylish optional accessories - practical and simple storage solutions
- Clip fixing profiles making for easy installation and assembly
- Can be retrofitted to existing kitchens
- Material: Aluminium

Available Products

- 3 metre Midway Rail
- 272mm Hanging Shelf
- 420mm Hanging Shelf
- Spice Rack Shelf
- Paper Towel Holder
- Utensils Hook

KEY COMPONENTS



HOW TO ORDER THE CUBO SYSTEM

STEP 1:

Select Required Wall Components

- Midway Rail - Black Profile
- Midway Rail - Anodised Aluminium Profile
- Cubo End Cap Kit (Optional)

STEP 2:

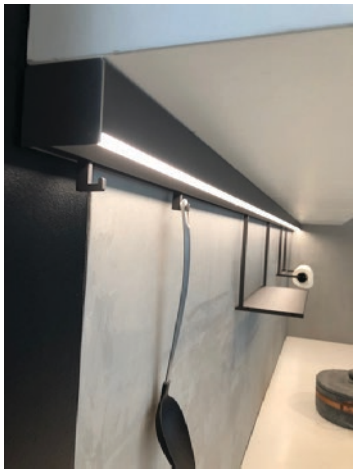
Select Accessories

- Cubo Utensils Hook
- Cubo Shelf
- Cubo Spice Rack Shelf
- Cubo Paper Towel Holder
- Cubo Terminal Clip

OPTIONAL:

Select L&S 24V strip Lighting to suit.

See website for full range



ORDER A CUBO KIT:

Alternatively, you may choose to simply purchase a complete Cubo kit.

See our website for full list of kits and further technical information.

CUBO COMPONENTS

CUBO MIDWAY RAIL

Modular, versatile and flexible midway rail system.

- 2 x Profiles
- 1 x Light Diffuser
- 10 x Assembly Clips

INTERNA

Interna is the cabinet system that Cosma offers to complete its range of aluminium products.

The strength of the brand is to provide all the metal decorative parts that compose the furniture in order to obtain incomparable uniformity of design and finishes. Installation of the tube can be completed according to your aesthetic and functional needs. This includes side fixing with screws or pins and assembly from above with visible or hidden screws providing total versatility.

The support for top assembly is dedicated to those who want to create elegant and refined wardrobes and walk-in closets. It can be fixed to the shelf in two ways: by inserting the screws from the top (thus leaving the head visible) or gripping the shelf from below. The closing cap allows to keep the tube in position and to hide the fixing system.

The support for the lateral assembly of the tube is available in the version with and without pins. The PVC cap hides the fixing system and performs the important function of anchoring the tube.

Key Features

- Anti slip insert – prevents clothes sliding needlessly
- Available in 1.4m lengths – versatile, can easily cut to size
- Uniformity of design and finish – delivers a modern and elegant wardrobe design
- Available in matt black or anodised aluminium finishes – to stylishly match any design
- Hook locking system – secure and safe connection between the tube and tube support

KEY COMPONENTS

HOW TO ORDER THE INTERNA SYSTEM

STEP 1:

Select Required Wardrobe Rail Colour

- Black or Anodised Aluminium

STEP 2:

Select Fittings

- Top Assembly
- Side Support with Screws
- Side Support with Pins

STEP 3:

Select Covers

- Safety Block
- Screws Cover

FLAG

Flag is a modular and customisable system made entirely of aluminum. Minimal and elegant, it can raise the quality and the image of kitchens, living rooms and bathrooms.

What makes it unique is the ability to adapt itself to different needs by changing the position of the shelves and of the accessories. The customer can also complete it using shelves that reflect the essence of the furniture in which it is integrated.

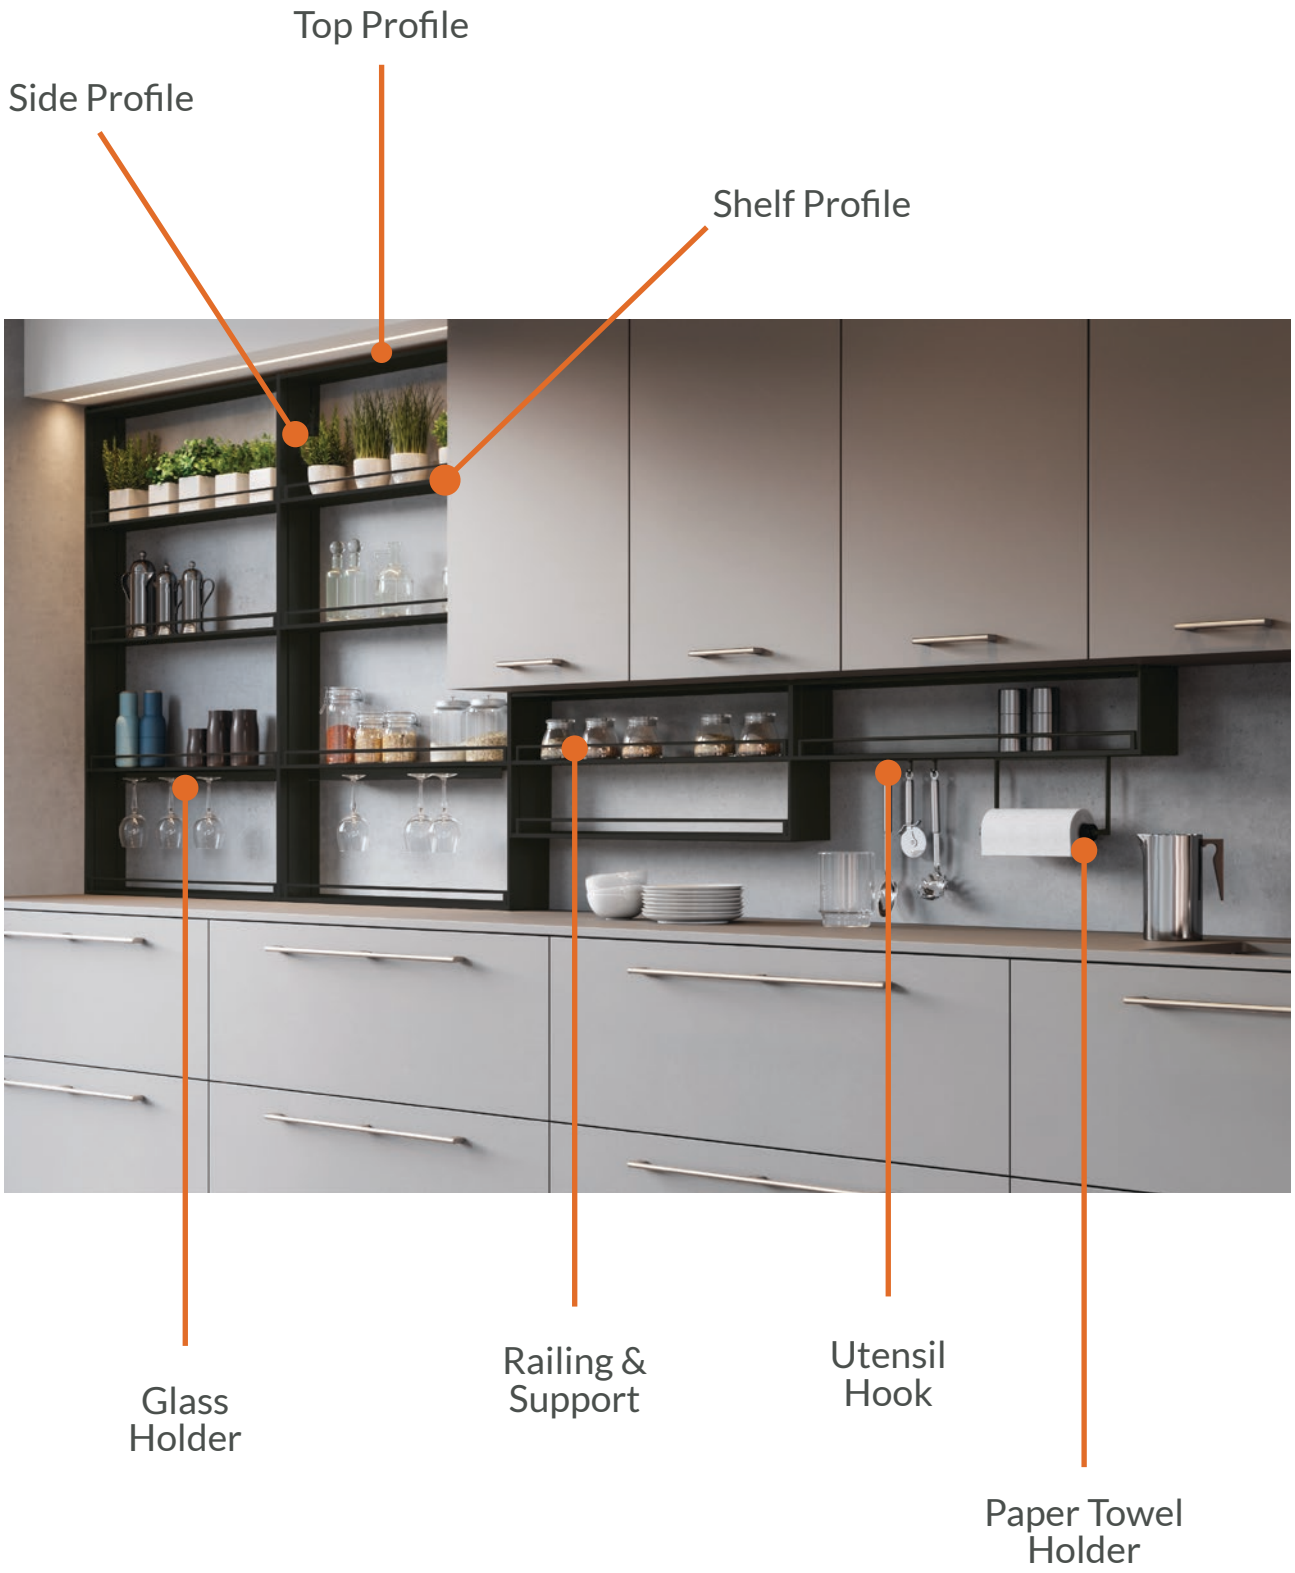
Key Features

- Uprights available in 3m lengths - can easily be cut to required size
- Shelves available from 300-900mm - can easily customise to individual needs
- Height adjustable shelves - can change positions at any time
- Minimal and elegant design - practical, simple and attractive storage solution
- Optional Shelving rail available - added protection for stored items
- Attractive hanging accessories available - additional uses providing more storage

Available Products

- 3 metre upright profile
- 300, 450, 600 & 900mm shelves
- 300, 450, 600 & 900mm shelving rail with rail supports
- Accessories - hook, paper towel holder and glass holders
- Assembly - Shelf and Wall Mounting Kit, single & double cover caps

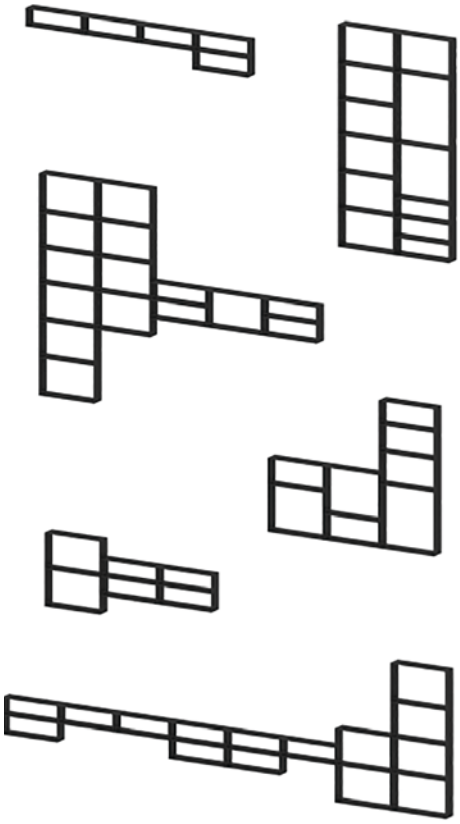
KEY COMPONENTS



FLEXIBLE DESIGN

The flexibility of the Flag system allows the user to express their creativity.

The product can be retro-fitted, and is suitable for a range of spaces within the home. It can also be paired with some convenient and stylish storage accessories.



HOW TO ORDER THE FLAG SYSTEM

STEP 1:

Select Required Wall Components

- Side Profile

STEP 2:

Select Shelving Components

- Top Profile
- Shelf Profile
- Single Cap
- Double Cap
- Railing & Support
- Shelf and Wall Mounting Kit

STEP 3:

Select Accessories

- Utensils Hook
- Paper Towel Holder
- Glass Holder

OPTIONAL:

Select L&S 24V Strip Lighting to suit.

See website for full range

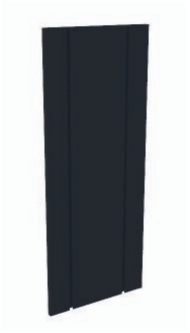
ORDER A FLAG KIT:

Alternatively, you may choose to simply purchase a complete Flag kit.

See our website for full list of kits and further technical information.

FLAG COMPONENTS

FLAG SIDE PROFILE



The side profile has vertical guides that allow the height adjustment and the distance between the shelves according to your space requirements. The only shelves with forced positioning are the two perimeters that create the frame of the module.

CODE	FINISH	MATERIAL	LENGTH	DEPTH
CFG3000UR	Black	Aluminium	3000mm	140mm

FLAG SHELVING COMPONENTS

FLAG SHELF PROFILE

The shelves are available in four sizes, providing standard widths from 300mm to 900mm while the height of the upright can be cut to size to adapt to the specified design.

CODE	FINISH	MATERIAL	WIDTH	WIDTH
CFG300SH	Black	Aluminium	300mm	140mm

CFG900TSH	Black	Aluminium	900mm	140mm

COLOGNE
COLOGNE
COLOGNE

FLAG SHELVING COMPONENTS

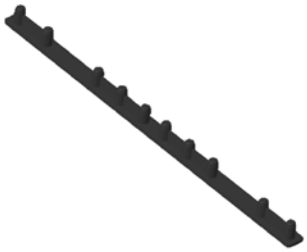
FLAG SHELF AND WALL MOUNTING KIT

The shelf fixing set fits between the upright to assist with the secure installation to the wall. The wall mounting bar attaches at both ends to the shelf fixing brackets. This provides a stable base where the shelf is screwed into the wall via the brackets.

CODE	FINISH	MATERIAL	WIDTH
CFGMK300	Nat Aluminium	Aluminium	300mm
CFGMK450	Nat Aluminium	Aluminium	450mm
CFGMK600	Nat Aluminium	Aluminium	600mm
CFGMK900	Nat Aluminium	Aluminium	900mm

FLAG SINGLE CAP

The caps are used as a decorative cover which fits on the top of the side profile and should be used whenever the frame of the upright is in sight.



CODE	FINISH	MATERIAL
CFGSC	Black	Plastic

FLAG DOUBLE CAP

CODE	FINISH	MATERIAL
CFGDC	Black	Plastic

FLAG SHELVING COMPONENTS

FLAG SHELF RAILING AND SUPPORT

The Flag Railing supports are easily fitted to the shelf in the space provided. The rail then clips straight into the supports to complete the assembly.

CODE	FINISH	MATERIAL	WIDTH	HEIGHT
CFG300RS	Black	Aluminium	300mm	40mm
CFG450RS	Black	Aluminium	450mm	40mm
CFG600RS	Black	Aluminium	600mm	40mm
CFG900RS	Black	Aluminium	900mm	40mm

FLAG ACCESSORIES

All the accessories of the Flag System are equipped with a detail specifically designed to be inserted inside the groove of the shelf. In this way, all the shelves can be completed by including the desired accessories. You can decide at any time to add them, remove them or change their position.

SYSTEM 16

System 16 is a system of structures designed to integrate, complete and create stylish environments within homes.

It is composed of aluminum frames that accommodate shelves of different thicknesses and materials. Depending on the customer's needs, the product can be integrated into the kitchen bases, or fixed to the wall. The upright can also include LED strips to create exciting light and shadows effects on the wall.

Key Features

- Available in two depths, 250mm & 360mm – choose the most suitable depth for the job
- 16mm x 16mm aluminium frame
- Available in four different lengths (360, 720, 1440 & 1800mm) – versatile, can easily be customised to suit any space or room
- Available in matt black – delivers a modern and elegant look that matches most living spaces
- Smart modular design – can assemble shelves in a straight line or different levels
- Can accommodate wooden shelves
- Can be fitted on a wall or under bench – added versatility of use

Available Products

- Modular Standard Shelving: 250mm deep by 360, 720, 1440 & 1800mm high
- Modular Standard Shelving: 356mm deep by 360, 720, 1440 & 1800mm high
- Adjustable Legs: 90-120 & 140-170mm

KEY COMPONENTS

Aluminium
Shelving Frame

Adjustable
Legs

HOW TO ORDER THE SYSTEM 16

STEP 1:
