WASTE BIN & LAUNDRY

In this brochure you will find the latest range of waste bins and laundry baskets available at Wilson & Bradley. Featuring products from quality brands such as Wesco, SIGE and Kia Ora, there is the perfect solution for your home.

Wilson & Bradley are proud to offer the Wesco Pullboy Z waste bin range which features kitchen waste storage solutions to be used with Blum's MERIVOBX, LEGRABOX and TANDEMBOX box systems in a range of configurations.

Exclusive to Wilson & Bradley is the SIGE range of waste bin solutions, under sink bins and under sink drawers. The SIGE range features advanced product design that seamlessly blends both style and function. Also now available is the SIGE Zone range of contemporary Italian laundry solutions. Designed to further enhance the use of all space within your laundry, the Zone range has a focus on quality and craftsmanship and has been built to withstand the rigours of daily use.

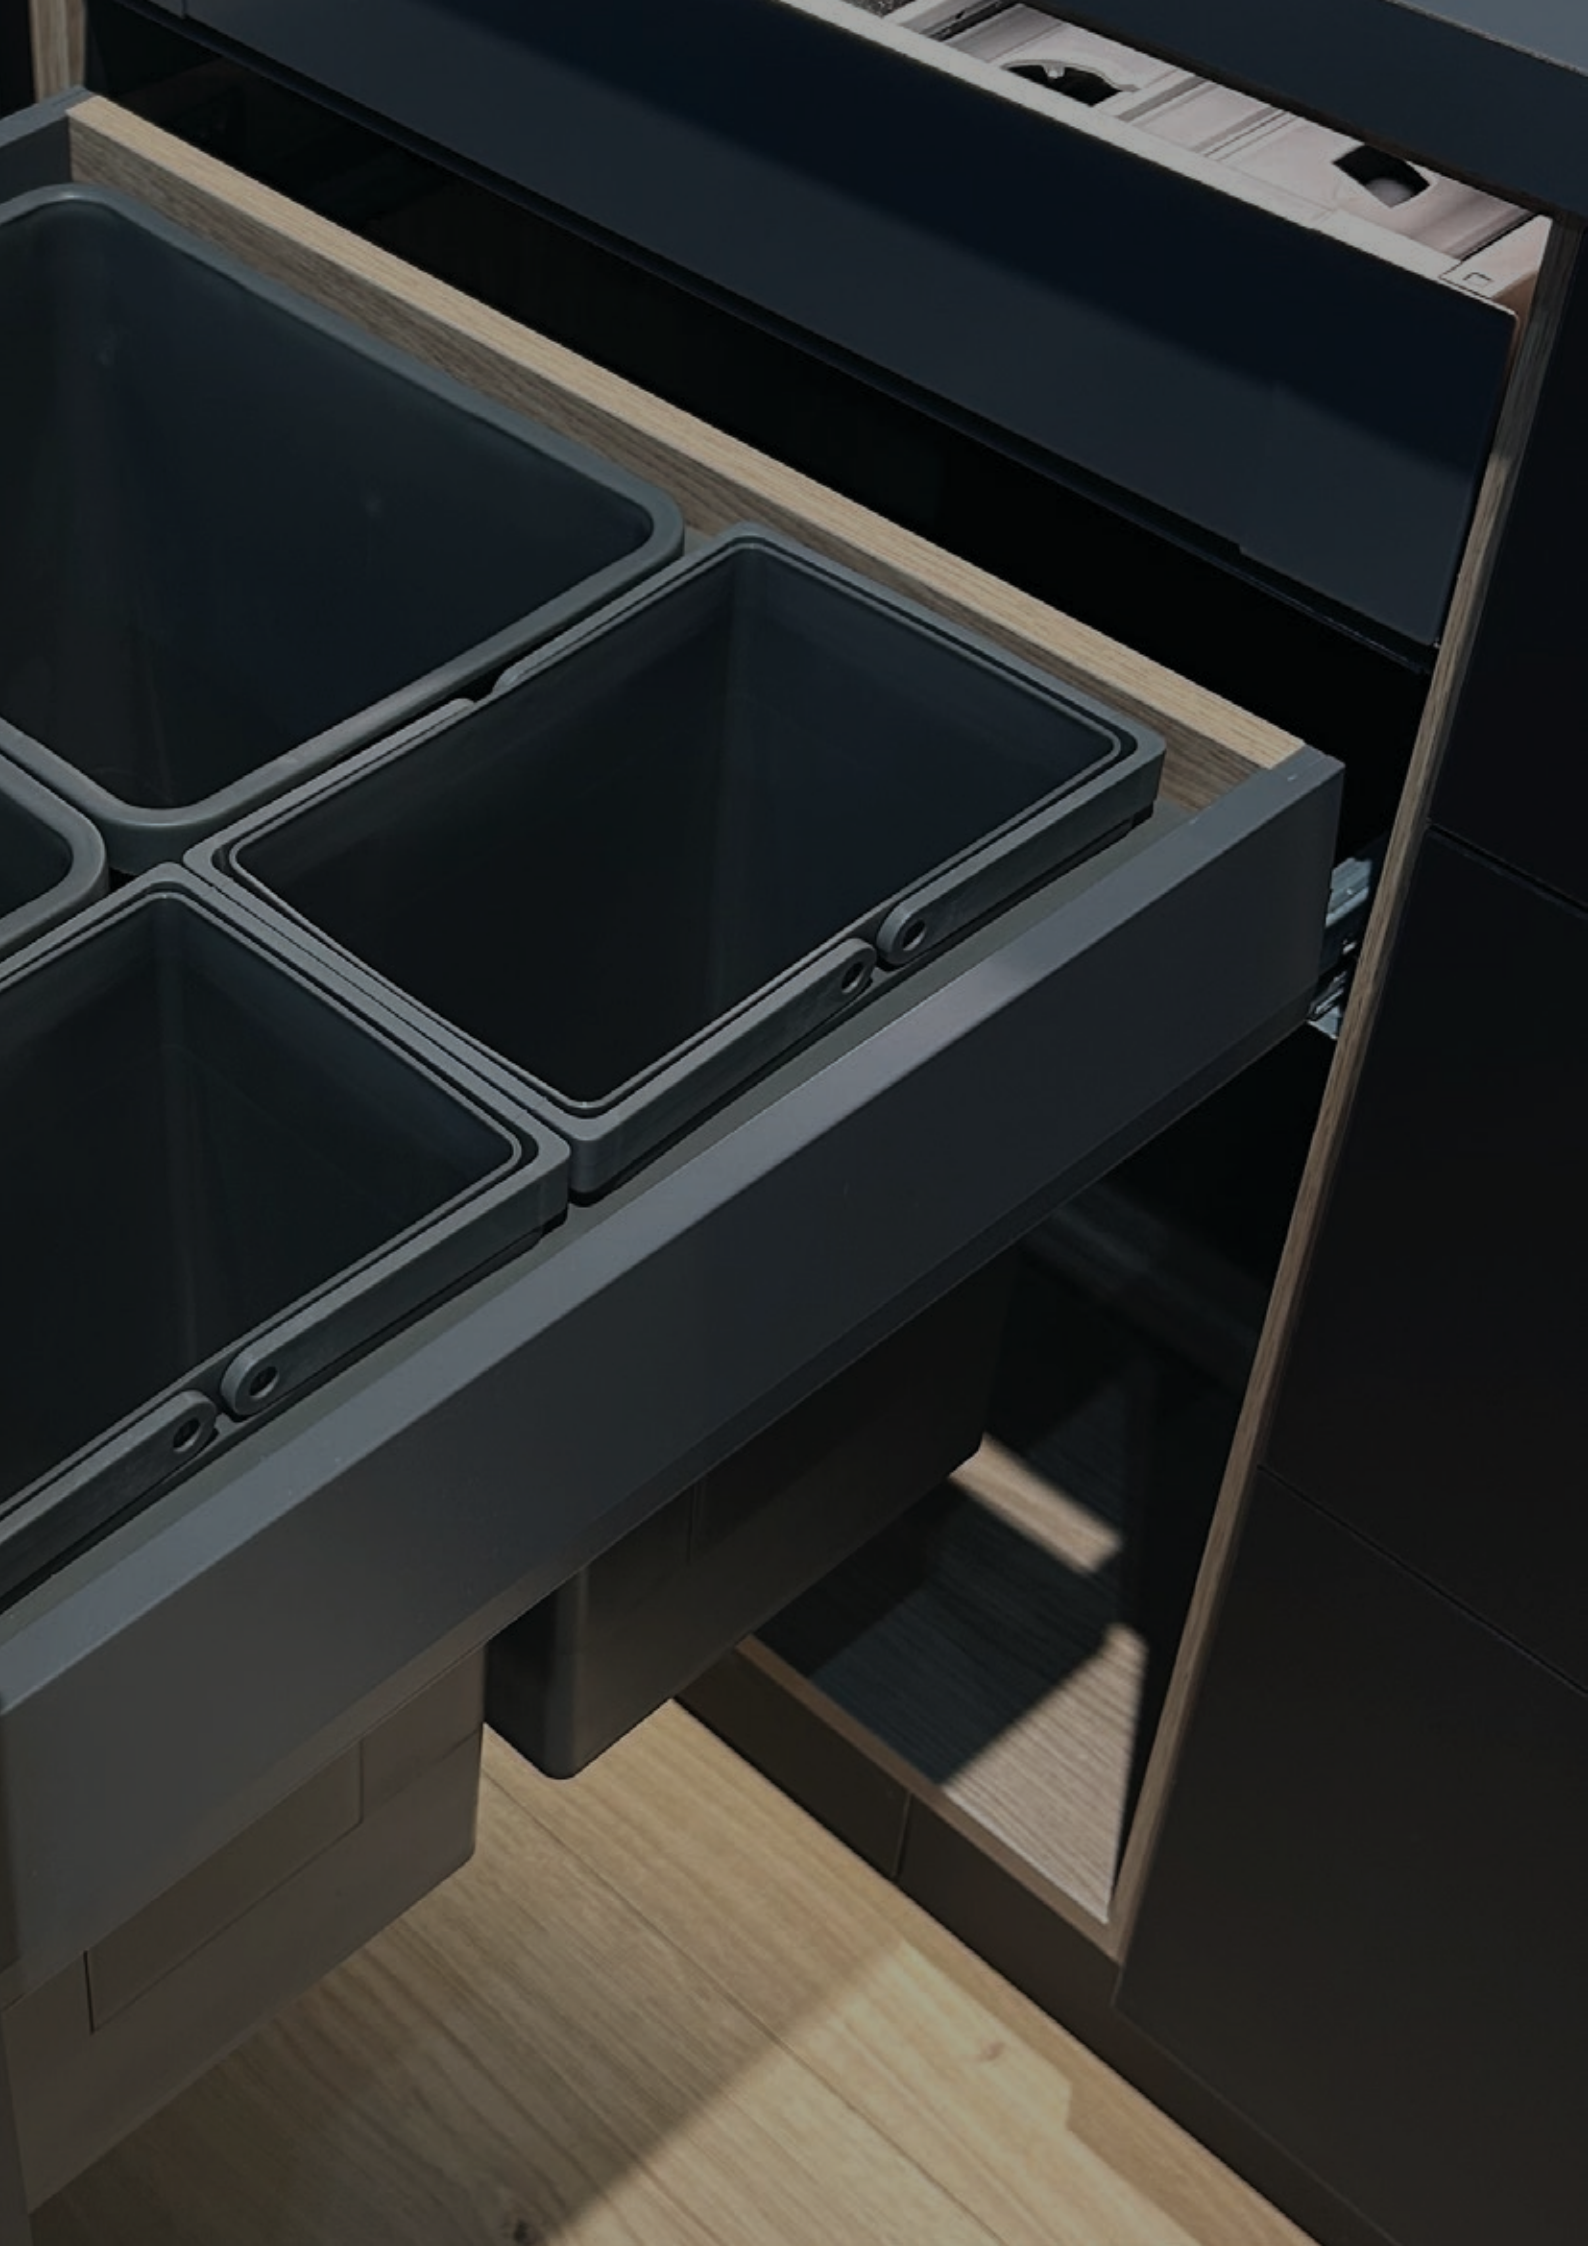

Combining sleek design with affordability, Wilson & Bradley are proud distributors of the Kia Ora range of kitchen bins and laundry hampers. Available in a variety of different configurations and to suit a range of cabinet sizes there's sure to be a Kia Ora product to suit almost any space.

A high-angle, close-up photograph of a modern kitchen cabinet. The cabinet is a dark, matte grey color. A light-colored wood countertop is visible at the top left. A drawer is pulled out, revealing two dark grey, rectangular waste bins inside. The bins are positioned side-by-side. The floor is made of light-colored wood planks. The text "WASTE BINS" is overlaid in a white, sans-serif font in the lower-left quadrant of the image.

WASTE BINS

WESCO

Wesco, established in 1867, has significantly developed its range of waste bins, becoming a key part of its product lineup.

Initially focusing on sheet steel household goods, the company marked a major shift with the introduction of its first innovative pedal bin in the post-war era, blending functionality with aesthetic appeal.

During the 60s and 70s, Wesco's waste bins mirrored the contemporary design trends, emphasising both style and practicality. The release of the Pushboy in 1989 was a pivotal moment, elevating the ordinary waste bin to a fashionable kitchen accessory.

Moving into the 21st century, Wesco continued to innovate in the realm of waste management. The introduction of the double waste bin was a response to increasing environmental concerns, offering a practical solution with over 250 different bin inserts tailored for various needs. This evolution of their bins, from simple utility items to integral elements of kitchen design, illustrates Wesco's transformation from a traditional metal-working manufacturer to a leader in sophisticated household product design.

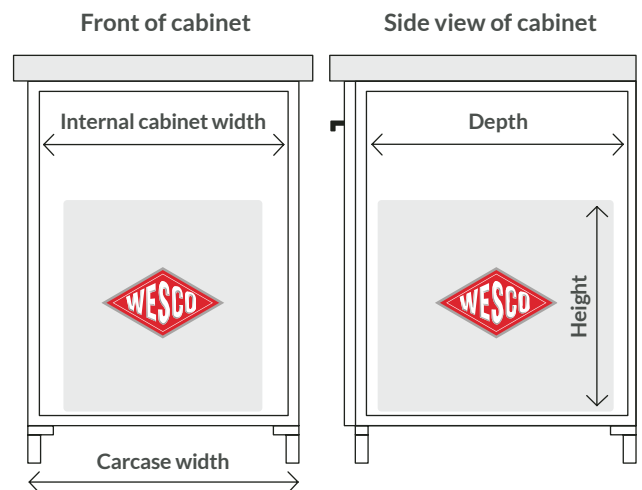

Their commitment to combining practicality with modern aesthetics has positioned their waste bins as more than just functional items, but as stylish additions to contemporary homes.

Wesco bins are fast and simple to install, available in multiple capacities to suit a range of cabinet sizes and come in single, double, triple and quadruple compartments to suit a variety of applications.

Wilson & Bradley offer a range of Wesco waste bins including Pullboy bins compatible with Blum's LEGRABOX, MERIVOBX and TANDEMBOX antaro box systems as well as a range of door pull and hand pull bins.

INDEX

WESCO PULLBOY Z BINS

Wilson & Bradley offers a range of Wesco Pullboy waste bins compatible with Blum's LEGRABOX, MERIVOBX and TANDEMBOX antaro box systems.

Coming in a premium Orion Grey finish, the Blum box system acts as the structural component of the bin while the frame suitable for cabinet thicknesses of 16mm is securely attached to the drawer supports the liner bins.

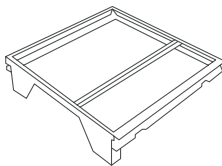

These bins are available in multiple sizes and configurations including 2 and 4 way separation, allowing you to divide and sort your waste.

Summary:

- Made of few components allowing for a quick and easy installation process
- Comes with an easy to clean frame
- Bins come with built-in metal cover that acts as a lid when bin is closed - sealing in unwanted smells
- Optional plastic lids available to suit all bin sizes
- Compatible with Blum motion technologies including SERVO-DRIVE

WESCO BENCHTOP BINS

Kitchen waste disappears from where it was created with the Wesco benchtop waste bin.

The unobtrusive stainless steel lid sits flush within the benchtop and the stainless steel mounting ring can be recessed into the benchtop or surface mounted onto the top.

A soft rubber insert within the mounting ring is shaped in such a way that all waste can be swept directly from the benchtop into the bin.

SIGE

For over half a century, SIGE's fervour for innovation has remained undimmed. Established in 1969, SIGE has continuously been at the epicentre of a whirlwind of creativity, inspiring multiple generations.

Starting modestly with limited resources and abundant aspirations, SIGE have achieved steady growth, consistently pushing the boundaries.

The company's commitment to quality, environmental stewardship, and the welfare of its partners is unwavering.

Nestled in the verdant landscapes of Italy's Marche region, the facility operates like a dynamic beehive of activity. Here, in this productive haven, SIGE embraces an ethos where everything is subject to innovation, permanence is an illusion, and the genesis of a new project is always on the horizon.

Made in Italy, SIGE waste bins feature an advanced product design that seamlessly blends both style and function to deliver a product offering that suits a wide variety of spaces.

Designed with soft-close runners, SIGE waste bins are engineered for easy installation, premium style and robust durability. Available in a range of sizes and capacities to fit almost any cabinet.

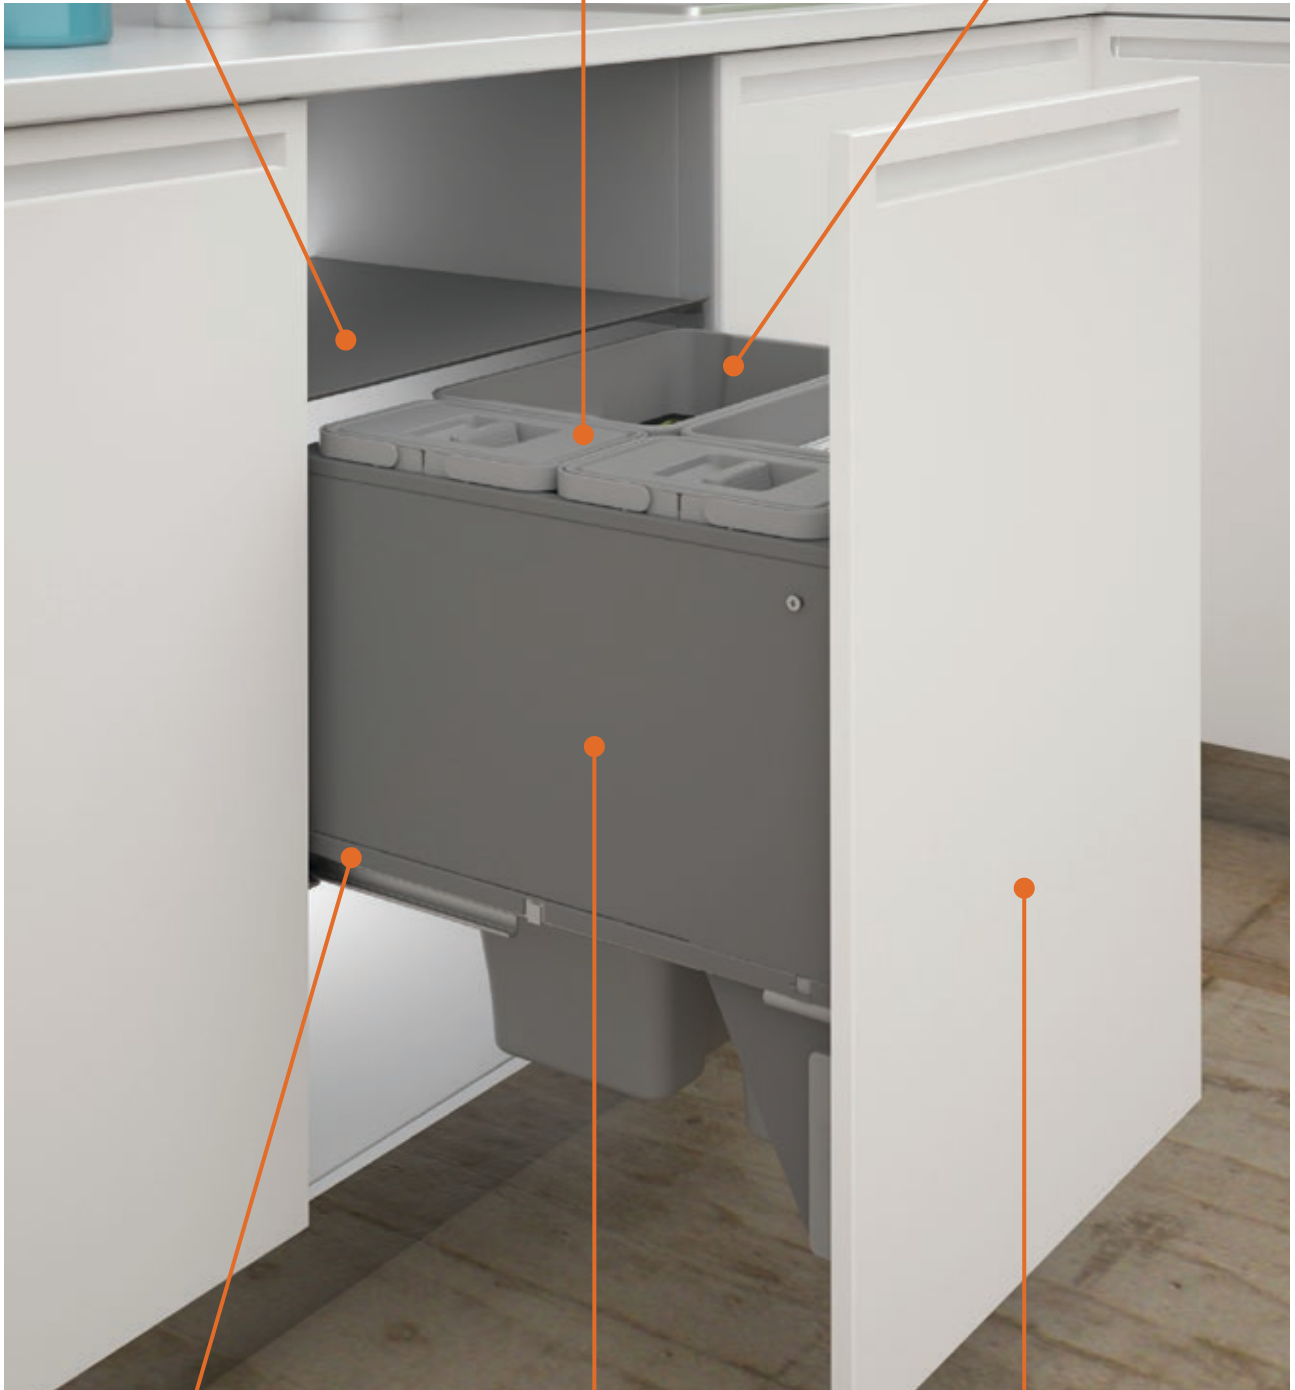

KEY FEATURES

KIA ORA VITA BIN

kia ora

Crafted for smooth operation with over-extension runners, the Kia Ora VITA bins boast a sturdy metal lid and come in sizes suited for carcasses ranging from 300mm to 600mm, with capacities ranging from 32L to 94L.

The VITA bins also offer flexible waste separation options with bucket choices of 1, 2, 3, or 4, promoting efficient recycling and organisation.

Finish: **Dark Grey**

KIA ORA OPTIO BIN

kia ora

The Kia Ora OPTIO range of base mounted kitchen bins are tailored to fit 300mm, 400mm, and 450mm carcasses and are available in three height options: 320mm, 420mm, and 520mm. With single, double, and triple waste separation options, the OPTIO range offers unparalleled flexibility to suit your unique requirements.

The OPTIO collection ensures optimal adaptability, allowing you to customise your space perfectly. Finished in a sleek Dark Grey, these bins seamlessly blend modern aesthetics with premium quality. For added convenience, optional door-mounted brackets are available, providing a seamless integration into your cabinetry.
