OUR BRANDS

wilson
&bradley

Founded on the principles of quality design and great customer service, Wilson & Bradley has been sourcing, distributing, and supplying quality cabinet hardware and design solutions across Australia for over 40 years.

Wilson & Bradley prides itself on providing customers with a diverse selection of kitchen and cabinet hardware backed with the best service.

The product portfolio covers many premium, well established brands from around the world including Blum, SIGE, Cosma, OMGE, L&S, Wesco, Agoform, Furnipart and Kia Ora.

OUR BRANDS

Founded over 60 years ago by Julius Blum, Blum is well-known and valued as an innovative family-owned company that operates on an international scale.

Established in Italy, SIGE has been designing, developing and supplying manufacturers with high quality wire ware solutions for the kitchen and bathroom industry since 1969.

Agoform's product series are constantly being further developed in terms of function and design and are available for a range of drawer sizes.

Founded in 1974, Volpato are renowned worldwide for designing and manufacturing innovative, market leading home storage solutions for residential applications.

Since 1955, Cosma has provided high-quality products, creativity and innovation based on a close relationship with designers and manufacturers. Their products are suitable for different tastes, from classic to modern.

Founded in Italy in 1946, OMGE products are the result of many years of experience, research and refinement. This research has resulted in a wide range of products that guarantee high quality design and ease of use.

Founded in Italy in 1977, L&S are an industry leader in the interior lighting sector. Since their inception, L&S has grown a strong reputation in the global LED lighting sector.

Crafted in Denmark, Furnipart has more than 30 years experience designing, developing and supplying premium designer handles.

Since being founded in 1867, Wesco has prided itself on providing innovative and functional solutions for a range of kitchen requirements.

Life cycle tested to provide ongoing excellent performance, Kia Ora products are designed to provide years of reliable service throughout the home.

BLUM

Founded over 60 years ago by Julius Blum, Blum is well-known and valued as an innovative family-owned company that operates on an international scale.

Blum solutions make opening and closing furniture a mesmerising experience and deliver quality of motion and enhanced user convenience to the entire home, in particular to kitchens.

BLUM BOX SYSTEMS

BLUM TANDEMBOX ANTARO

Blum TANDEMBOX antaro can be characterised by its clear-cut design and rectangular gallery. It can be combined with a gallery or design elements to produce a drawer with closed sides. All components have been colour coordinated, underlining the minimalist design.

BLUM TANDEMBOX INTIVO

Blum TANDEMBOX intivo opens the door on a multitude of design possibilities. Available in Silk White and Terra Black, TANDEMBOX intivo can be used with a BOXCAP (a cap in the same drawer side material and colour) or with a design element of your choice and the BOXCOVER fixing element.

BLUM LEGRABOX PURE

With a selection of four finishes and heights to choose from, Blum's LEGRABOX pure box system opens up a wide range of design options with all LEGRABOX pure components being perfectly coordinated with one another forming completely harmonious transitions.

BLUM LEGRABOX FREE

Exclusively available for C height pull-outs, Blum's LEGRABOX free supports intelligent unique designs in kitchen and living areas and allows for large surface area design elements to be integrated harmoniously and effectively into furniture.

BLUM PRACTICAL CABINET SOLUTIONS

Blum's practical cabinet solutions improve workflows in kitchens and make optimal use of the storage space available. To make things more practical, keep everything you need for specific tasks together and immediately to hand.

SINK PULL-OUT

Maximise the storage capacity around your sink with Blum's sink cabinet. This sink cabinet uses every inch of storage space available and gives you easy access to contents. It keeps worktops free and ensures that washing up items are immediately to hand.

SPACE CORNER

Corner space is often wasted or not put to optimal use. A user-friendly alternative to conventional corner solutions is the SPACE CORNER. Full extension drawer and pull-outs use every inch of storage space available and give you clear visibility of all contents.

SPACE TOWER

If you want a pantry unit that offers plenty of storage space, whose inner pull-outs can be designed individually and gives you easy access to items from all three sides, then you'll like Blum's SPACE TOWER. This is the convenient and ergonomic way to store food.

SPACE TWIN

Narrow cabinets turn kitchen spaces into valuable storage. Blum's SPACE TWIN with diagonally offset runners, create additional storage space without compromising stability or quality of motion. This is the ideal place to keep narrow utensils such as bottles, chopping boards, spices, and baking trays.

BLUM INNER DIVIDING SYSTEMS

AMBIA-LINE

Blum's AMBIA-LINE inner dividing system stands out on account of its slim, minimalist design and diverse setting options. The narrow straightforward design perfectly complements the

LEGRABOX box system in both colour and style and helps ensure a harmonious look and perfect organisation in any living area.

ORGA-LINE

Blum's ORGA-LINE inner dividing system works wonders on the interiors of drawers and high-fronted pull-outs. Designed for use with Blum's TANDEMBOX box system, the ORGA-LINE inner

dividing system helps ensure drawer contents are always organised, easy to find and readily accessible.

SIGE

Established in Italy, SIGE has been designing, developing, and supplying manufacturers with wire ware solutions for the kitchen and bathroom industry since 1969. Distributed by Wilson & Bradley, SIGE storage solutions are easy to install and are designed to provide years of reliable service throughout the home.

SIGE offers 4 different storage solutions for your home: SIGE Materia, SIGE Pro Line, SIGE Infinity Plus and SIGE Valore with each range offering a variety of storage solutions including pull-out pantries, bottle racks, corner units and kidney units.

SIGE RANGE OVERVIEW

MATERIA

Combining superb functionality and technology with a minimalist design, the SIGE Materia range integrates soft-close technology that adds

ease and functionality when in use and is life cycle tested to ensure longevity and consistent performance.

PRO LINE

The SIGE Pro Line range incorporates painted metal surrounds, creating a good balance between minimalism and design.

Featuring a variety of storage solutions including pull-outs, corner units and pantry units.

SIGE RANGE OVERVIEW

INFINITY PLUS

The SIGE Infinity Plus range boasts a unique modern design. Achieving functionality on a number of levels, each product is easy to install

and operate, making time spent in the kitchen a more efficient and pleasant experience.

VALORE

The SIGE Valore range features an elegant contemporary look and includes a variety of storage solutions including pull-outs, corner

units and pantry units designed to make the most out of available heights and spaces.

MATERIA

AGOFORM

Founded in Germany in 1928, Agoform's product portfolio is constantly being extended to cover a range of kitchen storage solutions.

Wilson & Bradley supplies a range of Agoform products designed to help organise drawers such as cutlery trays, utensil trays and spice trays as well as a range of drawer matting.

AGOFORM RANGE OVERVIEW

SEPARADO

The Agoform SEPARADO drawer insert series allows users to adapt drawers to meet their individual needs.

SKY CUTLERY TRAYS

The Agoform Sky Cutlery tray range features high and wide interior partitions making it the perfect partner for drawers.

SALSA SPICE TRAYS

The inclined arrangement of the Agoform Salsa spice tray makes it easy to organise spices to meet your individual needs.

LINEA UTENSIL TRAYS

Providing optimum space for all your utensils, the Agoform Linea utensil tray is the ideal choice for organising a cluttered utensil drawer.

DRAWER MATTING

The Agoform range of non-slip drawer matting is heat resistant, food safe and offers additional benefits for use in pull-outs and on carousel shelves.

With noise cancelling properties, Agoform drawer matting safeguards objects from sliding around when opening and closing drawers.

VOLPATO

Founded in 1974, Volpato are renowned worldwide for designing and manufacturing innovative, market leading home storage solutions for residential applications.

Volpato continually supports the furniture industry by designing and producing constantly evolving solutions, always capable of adapting to customer needs, trying to achieve technical and aesthetic perfection.

VOLPATO RANGE OVERVIEW

SYPHON FLEX

Transform unused space into extra storage with the Volpato Syphon Flex. The Syphon Flex is a u-shaped strip that can be attached to cut out drawers to allow for a drawer edge around sink pipes and other obstacles.

The Syphon Flex can be easily attached to your drawer's base where it has been cut. The flexibility of the plastic strip allows you to shape it to your needs, creating a new storage space in an otherwise empty area.

VOLPATO PROFILE HANDLES

Produced from aluminium, the Volpato Profile Handle system provides a modern, contemporary and handle-less solution for doors and drawers.

Available in a range of colours and finishes making it possible to match any design needs, the system can also be installed in a horizontal or vertical position.

COSMA

Since 1955, Cosma has provided high-quality products, creativity and innovation based on a close relationship with designers and manufacturers. Cosma offer a wide range of products characterised by a high design and production standard.

Their products are suitable for different tastes, from classic to modern with the range including rail systems, wardrobe rails and accessories as well as shelving systems.

COSMA RANGE OVERVIEW

CUBO

The Cosma Cubo is a modular, versatile and flexible midway rail system ideal for providing easy access to cooking utensils, canisters, paper towels and other useful aids in the kitchen.

FLAG

The Cosma Flag is a modular and customisable system made entirely of aluminium. Minimal and elegant, what makes it unique is the ability to adapt itself to different needs by changing the position of the shelves and of the accessories.

SYSTEM 16

The Cosma System 16 is a system of structures designed to integrate, complete and create stylish environments within homes. It is composed of aluminium frames that accommodate shelves of different thicknesses and materials.

Depending on the customer's needs, the product can be integrated into the kitchen bases, or fixed to the wall. The upright can also include LED strips to create exciting light and shadows effects on the wall.

OMGE

Founded in Italy in 1946, OMGE products are the result of many years of experience, research and refinement. This research has resulted in a wide range of products that guarantee high quality design and ease of use.

With expert metalwork experience, OMGE are constantly sharing ideas and trends with customers in the search for new forms of expression within the field of table extension slides.

OMGE RANGE OVERVIEW

ALUTECH 9345

The Alutech 9345 Modula unidirectional extension slide system that allows you to have convenient functionalities even within confined spaces. Pulling out an extension table, an ironing board or a working surface are just some of the versatile applications.

ALUTECH 9347

The OMGE Alutech 9347 is a self-supporting aluminium ball bearing slide. The Modula is a perfect designer solution for confined spaces. With the ability to be self-supporting, it is one of the best ways to utilise space throughout the home or office.

PEKO 4300

The OMGE Peko 4300 is the latest concept by OMGE. It features simple assembling, customisation and allows for a variety of unique uses.

L&S

Founded in Italy in 1977, L&S has grown to become a fundamental producer of contemporary lighting solutions. Since their inception they have grown to become a leader in the LED lighting sector in both Italy and across the globe.

L&S lighting solutions are perfect for use in both residential and commercial applications and add a touch of elegance and class to any project.

L&S RANGE OVERVIEW

LED STRIP LIGHTING

Perfect for use in both residential and commercial applications, L&S strip lighting is an extremely innovative and functional way to add an extra touch of elegance to any space.

Commonly used for accent lighting in kitchens, L&S LED strip lighting can easily be incorporated into the design of an existing kitchen and other rooms throughout the home.

DOWNLIGHTS

Exclusive to Wilson & Bradley, L&S has a wide range of 12V LED lights that are ideal for use for residential lighting applications.

The L&S range of downlights offer a great lighting solution for any room with either standard or emotion lighting solutions available.

FURNIPART

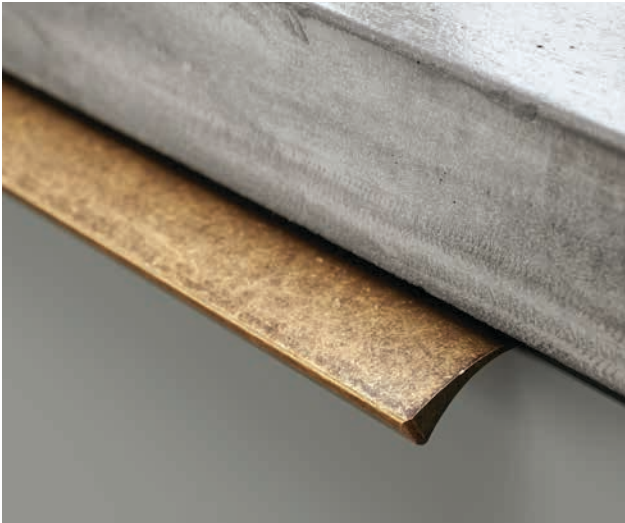

Crafted in Denmark, Furnipart has more than 30 years experience designing, developing and supplying premium designer handles to the kitchen and bathroom industry.

Wilson & Bradley are proud to be a distributor of the Furnipart handle range which is available in a variety of different styles and finishes making them the perfect addition to your home.

WESCO

Since being founded in 1867, Wesco has prided itself on providing innovative and functional solutions for a wide range of kitchen requirements. Made and designed in Germany, a Wesco waste bin makes a stylish addition to any kitchen, with a quality build, modern materials and innovative design.

Wesco waste bins are fast and simple to install, are available in multiple capacities to suit a range of cabinet sizes and are available in single, double, and triple compartments.

WESCO RANGE OVERVIEW

DOOR PULL

The Wesco range of door mount waste bins are designed to fit under kitchen sinks.

The frame is fixed to the base of the cupboard and bins pull out on full extension ball bearing runners.

PULL BOY

Designed for use with Blum's TANDEMBOX antaro or intivo drawer, the Wesco pull boy range

of waste bin solutions are available in multiple configurations and capacities.

WESCO RANGE OVERVIEW

FLEX

Perfect for sink drawer applications, Wesco FLEX bins include a base that suits in either a Blum TANDEMBOX antaro, intivo or LEGRABOX drawer.

SWING OUT BINS

Wesco Swing Out waste bins can be mounted either on the right or left side of the cupboard and open and close when the bin is pulled out by opening the door.

BENCH TOP BINS

Designed to be installed into existing bench tops, these bins are the perfect solution for keeping

your kitchen clean and tidy. Rubbish can be swept directly from the bench top into the bin.

WESCO RANGE OVERVIEW

FREESTANDING

New to the Wesco range at Wilson & Bradley, the Wesco range of free-standing waste bins are available in a range of different colours, styles, and capacities.

With a quality build, modern materials and innovative design, the Wesco range of free-standing bins allow you to perfectly match your bin to the rest of your interior.

HAND PULL

Wesco Hand Pull waste bins allow for easy two-way waste separation. They're fast and simple to install

and allow for easy access when loading and emptying through the flip top lid and full extension runners.

SIGE

Exclusive to Wilson & Bradley, SIGE waste bin solutions feature an advanced product design that seamlessly blends both style and function to deliver a product range that suits a variety of spaces.

Designed with soft-close runners, these units are available in a variety of bucket sizes and suit a wide range of cabinets. SIGE waste bin solutions are purposed-engineered for easy installation, offer premium style and robust durability.

SIGE RANGE OVERVIEW

WASTE BINS

The range of SIGE waste bins are available in a variety of bucket sizes and are suitable for installation in kitchens, bathrooms and laundries throughout the home.

These bins are fitted with high-quality Blum soft-close runners allowing for a smooth and controlled closure of the unit.

UNDER SINK BINS

The SIGE range of under sink bins feature a metal insert along with either 2 or 3 plastic bins and trays. This flexible system is compatible with all Blum drawer heights and is a great fit for all kitchen applications.

UNDER SINK DRAWERS

The SIGE range of under sink drawers fit perfectly around sink pipes and are ideal for the organisation of cleaning products.

KIA ORA

Available exclusively at Wilson & Bradley, Kia Ora waste bins are available in multiple sizes and capacities to fit almost any kitchen design.

Compatible with Blum's TANDEMBOX and MERIVOBX box systems, Kia Ora bins are versatile, simple and easy to install, and are designed to provide an ongoing user experience.

KIA ORA RANGE OVERVIEW

EASY FIT

Available in either 35L, 50L and 55L, the Kia Ora range of Easy Fit waste bins are ideal for under sink installation.

Compatible with Blum's TANDEMBOX box system these bins are easy to install and remove.

HAND PULL

Available in 42L and 70L capacity and featuring soft close ball bearing slides, Kia Ora Hand Pull bins are available in both door mounted and hand pull options to suit your individual needs.

DOUBLE DROP DOWN

Available in 54L and 70L capacity and simple to remove, Kia Ora Double Drop Down bins are compatible with Blum's TANDEMBOX box system for enhanced opening and closing ease.
